Chromebooks and Technology

We were excited to issue over 1700 Chromebooks during the 19-20 school year. A Chromebook package includes a case, charger and a Chromebook.

**Rising 9th Graders**
All 8th graders who were in a DeKalb school were asked to keep their Chromebooks from middle school.

**Students in 10th-12th Grade**
All DeKalb students were asked to keep their Chromebooks from the 19-20 school year.

**New Students to DeKalb/Students who Need a Chromebook and did not get one in 19-20**
Stay tuned for updates regarding how to get a CB

**Students who are Having Issues with a Chromebook (lost/damaged/stolen, etc.)**
Be sure to do a help ticket and send an email to Dr. Vachon-Conner

**Questions regarding Chromebooks should be sent to Dr. Vachon-Conner (Assistant Principal)**
Angelique_Conner@dekalbschoolsga.org

We are currently working on the 20-21 Chromebook Distribution Plan and waiting for DCSD updates and guidance.

**Device Repair**
The District will fund all repairs. However, excessive repairs will warrant further investigation and result in possible disciplinary action for the student.

**Lost, Stolen, or Damaged Beyond Repair**
The student is responsible for the full cost of all devices lost, stolen, or damaged beyond repair.

**Device Coverage (Optional but recommended)**
There is no mandatory insurance fee for Chromebooks this year. However, optional insurance plans are available. For optional insurance plans, please go to the following link:
https://www.dekalbschoolsga.org/digital-dreamers/sign-up/

If any portion of the Chromebook (charger, bag, the Chromebook itself) was missing when the student turned it in last May, a replacement must be purchased before a new Chromebook may be issued this year. Please click the following link to purchase replacement parts (replacement parts may not be purchased from another source):
